

Health Operation

Written by WVSU Medical Center

The Office of Chief of Clinics serves as the overall coordinator for the different Clinical Departments and Ancillary Services Units of West Visayas State University Medical Center. Its objectives are:

- Supervise training and patient care activities of the different Clinical Departments such as Anesthesiology, Internal Medicine, OB-Gyne, Orthopedics, Pediatrics, Psychiatry, Radiology, Surgery, and Rehabilitation Medicine and;
- Ensure efficient and effective service of the different Ancillary Services Units.
